FORREST SMALL

Senior Vice President

T: 508.263.6236 | **E:** fsmall@ceadvisors.com

Forrest Small is a licensed professional engineer with 29 years of combined experience in management consulting, transmission and distribution planning, and operations at an electric utility.

He is a thought leader and highly experienced senior member of Concentric's Energy Transition team and focuses on Grid Modernization and Distributed Energy Resource (DER) integration. By leveraging his engineering and utility operations background, Forrest Small offers clients a cohesive Future of Energy strategy that combines technology, finance, and regulatory services.

Before joining Concentric, Forrest Small led teams at Black & Veatch Management Consulting and Bridge Energy Group. His most recent work has focused on the development of operational strategy for integrating DERs with retail and wholesale markets. Mr. Small holds masters degrees in electrical engineering and business administration.
