

# MICHAEL T. BUCKLEY

## Project Manager

### Expert in Utility Regulation, Financial Advisory

---

Michael Buckley joined Concentric Energy Advisors in May 2022. Mr. Buckley has extensive experience in the North American energy industry as a Project Manager. He is well versed in environmental, social, governance (ESG) and sustainability issues, greenhouse gas reporting, data analysis, financial modeling, and providing analytical and research support on various industry issues.

Prior to joining Concentric, Mr. Buckley was the Director of Financial Analysis at the Edison Electric Institute (EEI), where he led EEI's sustainability program for the electric utility industry, helping utilities provide investors with more uniformity and better consistency in reporting ESG/sustainability data and information. At EEI, he was also responsible for managing the aggregate financial data of all investor-owned electric utilities in the United States.

Before his time at EEI, Mr. Buckley worked as an Economic Analyst for Exeter Associates, an independent consulting firm specializing in regulatory economics. Mr. Buckley earned a B.S. in Agricultural Economics from Colorado State University in 2010.

### Education
