

PATRICK GOSCHKE, CFA

Project Manager

Expert in Utility Regulation, Market Analysis & Resource Planning, Financial Advisory

Patrick Goschke, CFA, is a strategic thinker with a passion for the energy industry. His areas of expertise include financial modeling, gas operations, data analysis, regulatory support, risk management, hedging, and procurement.

Prior to joining Concentric Energy Advisors, Mr. Goschke worked for a mid-sized gas utility in the Southwest where he served as a company expert on Cost-of-Service modeling, strategic forecasting, and rate development while regularly supporting testimony and regulatory filings.

Mr. Goschke's expertise includes finance and accounting applications including SAP, PowerPlan, and C55. He has extensive knowledge of gas management applications including Quorum and Allegro. Additionally, Mr. Goschke has experience with SAS, Stata, and SPSS programming and statistical software.

Mr. Goschke has a M.S. in Finance from American University, in addition to a B.S. in Business Administration and B.A. in International Studies from American University. Mr. Goschke is a CFA Charterholder.
