

STEPHEN B. WEMPLE

Vice President

Expert in Utility Regulation, Future of Energy, Markets & Resource Planning

Stephen Wemple joined Concentric in 2024 with over thirty years of experience in the energy industry. Most recently, Mr. Wemple served as a senior executive at a large investor-owned utility, with deep experience in developing and implementing clean energy strategies at utility scale.

Mr. Wemple's expertise is in regulatory and future of energy matters, including green hydrogen, battery storage, wind power development, and energy trading across wholesale and retail markets. He is an effective and well-networked communicator with demonstrated success in shaping energy policy at the New York State and regional levels. Mr. Wemple holds a Master of Engineering and Bachelor of Science in Mechanical Engineering from Cornell University, and is a past chair of the NYISO Business Issues Committee.
