

DANIEL S. DANE

President & Vice-Chair

Daniel Dane has over twenty years of invaluable expertise in the energy and financial services industries.

His impressive track record includes providing comprehensive advisory services to energy and utility companies with a focus on corporate finance, regulation and ratemaking, and litigation support. He has extensive experience providing expert testimony on regulated ratemaking matters for investor- and provincially-owned utilities, including regulatory policy, the cost of capital and capitalization, asset and corporate valuation, merger impacts, and cost and investment recovery.

Mr. Dane is adept at developing and delivering executive briefings for Boards of Directors on matters vital to the energy industry. He has taken leadership roles in large advisory assignments related to corporate strategy, utility ratemaking, and mergers and acquisitions. As the President of Concentric, Mr. Dane oversees the firm's diverse service offerings, project delivery, and client relations.

Mr. Dane has an MBA from Boston College, a BA in Economics from Colgate University, and is a certified public accountant.
