

# KELLY PORTER

## Project Manager

**Kelly Porter has over 15 years of experience working with regulated rates and tariffs at both the state and federal levels and significant expertise in utility pricing and regulatory strategy.**

Ms. Porter has played an integral role in projects involving cost allocation, rate design, revenue requirements, gas system planning, expert testimony preparation and regulatory research. She has assisted utility providers in developing proposals for time-of-use rates, renewable gas tariffs, economic development rates and low-income discount programs.

Prior to joining Concentric, Ms. Porter served as a Director for the Connecticut Public Utilities Regulatory Authority where she was responsible for managing the work of the PURA in adjudicating cases involving the natural gas, electric, and water industries, and advising on regulatory policy. Throughout her time at the PURA, she worked on a multitude of cases addressing revenue requirements, allocated cost of service, rate design, decoupling, merger and acquisitions, power purchase agreements, and natural gas infrastructure programs and line extension policies. Ms. Porter holds a B.S. in Finance from Central Connecticut State University.
